

48/1351 Spool Cross Craft Kit

1. Glue the three spools together.
2. Put a drop of glue inside a spool and then place the wooden stick through the center. Put the round wooden piece on the stick and then put another drop of glue in another spool and add to the end of the stick.
3. Glue the round center piece to the top of the three spools and then glue a spool to the top of the round piece.
4. Drape the purple felt over the cross as shown and glue to secure.
5. Glue one green double leaf and one single leaf to the bottom of the cross and then glue three flowers to the leaves.
