

48/5116 Mother's Day Footprint Banner Craft Kit

Be sure to have adult supervision if using a hot glue gun for this craft.

1. Lay the light purple foam backing onto the floor. Rub paint on the bottom of your bare foot. Step on the center of the light purple foam backing. Be sure to press hard enough to leave a footprint behind. Clean the remaining paint off of your foot and allow time for the painted foam to dry.
2. Glue the frame onto the painted foam. Using a pen or marker (not included), write your name and the year on the "Happy Mother's Day" sign and glue the completed sign to the top of the frame. Glue the foam poem to the bottom of the frame.
3. Glue five stripes and four hearts to each side of the frame as shown. To make the hanger, glue both ends of the satin ribbon to the back of the picture. Allow time for your craft to dry.
