

48/9369 Dad Tool Beaded Key Chain Craft Kit

Instructions:

Fold the black cording in half. Thread the fold through the key ring. Thread the ends of the cording through the fold to secure the cording to the key ring.

Over both ends of the cording thread three pony beads, one Dad disk bead and two pony beads.

Split the cording apart and on one side thread three pony bead and one tool charm and tie a knot. On the other cording thread three pony beads and one foam tool bead and tie a knot.

Trim the excess cording.
