Fall Leaves Thanksgiving Turkey

1. Draw a large circle and smaller circle on the brown foam. These will be the turkey's head and body. Also draw a nose and feet on the yellow foam, and a waddle on the red foam. Cut all these out.

2. Assemble your foam turkey and give him some wiggle eyes. Then start with the smaller fall leaves and build up the appearance of feathers behind the foam turkey. Add more leaves until he looks like a fat Thanksgiving turkey. Let your imagination go wild!

3. Your Fall Leaves Thanksgiving Turkey is ready to decorate your classroom or home!
