

## 13745202 Dated Winter Photo Frame Magnet Craft Kit

1. Remove the adhesive backing and adhere the foam frame to the foam backing so the photo will be inserted at the top.
2. Adhere the foam snowbank to the bottom corner of the frame as shown. Adhere the foam polar bear and foam snowflakes to the frame.
3. Adhere the foam numbers to the frame to make the current year. Adhere the magnet to the back of the completed foam frame.
