BEFORE YOU BEGIN ASSEMBLY:

- Check that all materials are included in your kit.
- Please read through the instructions before you begin assembly.
- Make sure that your work area is spacious enough to assemble the Columns.
- Assembly time should be about 45 minutes to one hour for two people.

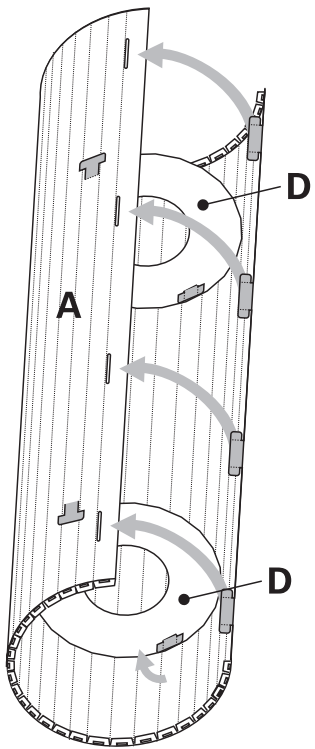

STEP 1:
Connect one side of A-1 to one side of A-2. Then fold along the score lines to form a cylinder shape.

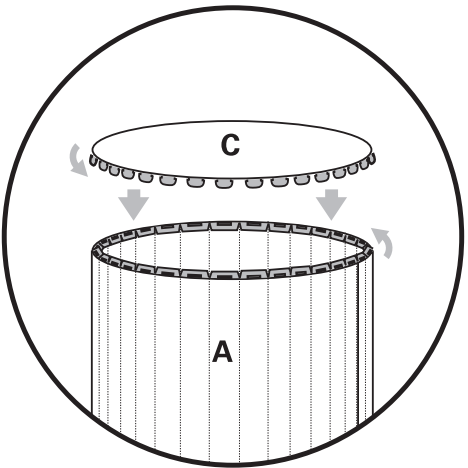

STEP 2:
Attach two D pieces to the inside of A with the side tabs as shown.

To finish Column A, insert the tabs on the side into the corresponding slits.

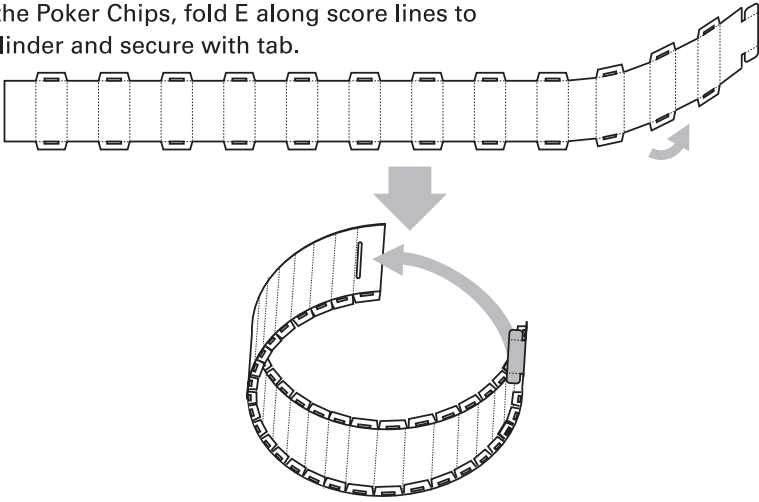

STEP 3:
Attach the white C pieces to the top and bottom of the column.

Repeat Steps 1 through 3 to assemble Column B.

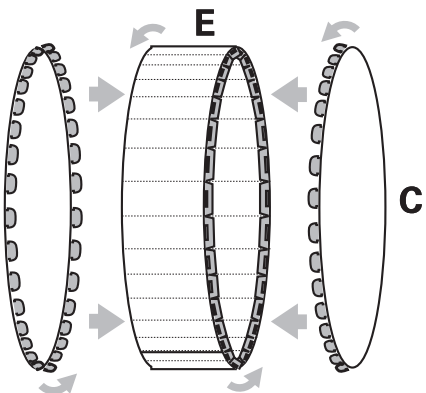

STEP 4:
To make the Poker Chips, fold E along score lines to form a cylinder and secure with tab.

STEP 5:
Match up the same color C and E pieces.

Fold each flap on the sides of E inward and insert one tab on C into one flap on E. Insert the tab directly across from the first and work your way around C to create one side of the Chip. Repeat to attach the other side of the Chip.

Follow steps 4 and 5 to assemble the remaining Poker Chips.

HELPFUL HINT:
Hold the E on its side while attaching C.

Your Columns are finished!
Have fun with your new Columns! Decorate them any way you would like! Use them as a display piece or as part of a scene.
