

## 48/5017 He Lives Acetate and Tissue Paper Cross Craft Kit

Please have adult supervision if using a glue gun for this craft.

1. To make the tissue paper glaze, mix white school glue (not included) with a small amount of water until the glue is a thin liquid. Use a paint brush (not included) to apply the glaze to one side of the clear acetate cross.
2. Place the tissue squares on the acetate paper. Cover with a layer of glaze. Allow time for the acetate cross to dry. Trim any tissue paper squares that may be hanging off the edge of the acetate cross.
3. Glue the dry acetate cross to one of the foam crosses. Glue the satin ribbon hanger to the top of the acetate cross so that it will be glued between the two foam crosses.
4. Glue the other foam cross to the remaining side of the acetate cross. Lay the cross flat with the tissue side face down, remove the adhesive backing from the foam letters and place them onto the acetate cross to form the phrase "He Lives". Allow time for your craft to dry.
