

Dear

I've been checking my list and then I had my elves check it twice, and I see that you have been a good _____ this year!

I know you are _____ years old and getting so big! Even though some days it has been difficult to be a good _____, I see that you have tried very, very hard! This is why the elves and I have made something special just for you! So try very hard to be as good as you can all year!

Since I don't have time to write to every little boy and girl on my list, please remind _____ to be good as well.

Thanks so much for the snack and drink. I hope you like all of your presents. Well, I must dash. I have a lot of other houses to visit.

Merry Christmas and Warmest Wishes!

Santa
