Christmas Tree Décor Theme Ideas:

Rustic

The use of metal, wooden and distressed ornaments will help create a rustic or vintage look. Pieces of burlap, raffia or twine can be used for the garland. To complete the look, try using a burlap fabric tree skirt as well as for a big bow tree topper.

Diva Chic

Use soft colors such as white or pink and incorporate diva-themed ornaments such as high heels, shopping bags, diamond rings or zebra prints. For a creative twist, try feather boas for garland.

Monochromatic

A popular trend is to decorate using all one color. Gold and silver are always in style, but don't be afraid to try a bold color such as blue or red.

Nature-Inspired

Decorate with frosted pinecones, metallic poinsettias, leaves, winterberries, snowy owls or birds to create a natural Christmas tree look.

Whimsical

Try something creative and fun by decorating with colorful metallic or glass blown ornaments. Add a playful spin by including antique toy ornaments, stuffed animals and other tiny toys.
